

FREE Prescription Drug Discount Cards

Save 30% or more • \$20 per prescription

Together, with very little effort, and no cost, we can reduce the cost of medicine by an average of 30% or more.

We know it may sound too good to be true, but it's not. 95% of the pharmacies nationwide have agreed to provide lower pricing to everyone that brings in a FamilyWize prescription drug discount card. All we have to do is get one of these cards to everyone we can.

We are asking **every** organization and agency possible to help. Please distribute these free FamilyWize cards to as many people as you can throughout the community (and around the country). We will provide you with as many cards as you can distribute.

WHAT YOU NEED TO KNOW

- Average Discount = 30% or more - \$20 per prescription.
- Accepted at most pharmacies nationwide, including all major chains.
- Covers all prescription drugs.
- No age, income or residency restrictions. Anyone can use it.
- Covers everyone with no health insurance or prescription coverage.
- All cards are bi-lingual, in English and Spanish.
- Covers all medicine not covered by insurance, Medicaid, Medicare or other benefit plans
- No registration, activation, paperwork or enrollment. No personal information is collected.
- No cost to the United Way, your organization or people using the cards.

HOW IT'S FUNDED

The savings on the cost of the medicine is provided by the pharmacies. They have agreed to accept prices for medications that are close to the prices they make available to large insurance companies and employers. All other program costs are provided by in-kind donations from the program sponsors and by part of the processing fee included in the cost of the medicine. For more information, please visit www.FamilyWize.org.

ABOUT FAMILYWIZE

40% of people in the United States in the last two years have either skipped filling a prescription or reduced doses because the medicine was too expensive. To address this, more than 900 United Way agencies plus America's Promise Alliance Partners, in all 50 states, have come together in this FamilyWize community service partnership to organize and coordinate community-wide distribution of these free prescription drug discount cards. The goal is to reduce the cost of medicine for people in need by at least \$100 million.

But we need your help! Please take a moment now to call for a supply of cards to display and hand out.
